Northern Guam (extent of northern Guam as bounded by shoreline and Pago-Adelup fault)

Northern
Guam

This map shows northern Guam, as defined by the shoreline and the Pago-Adelup fault, which separates the northern from the southern half of the island. This map defines the extent of northern Guam for the purposes of this digital atlas and sets the boundaries for all other maps included herein. The geospatial data used in the map are from the Bureau of Statistics and Plans (BSP), Government of Guam and the geologic map of Guam by Siegrist, H.G. and Reagan, M. (2008).

Cartography and design
by Danko Taborosi
and Maria Kottermaier,
2013.

This map is for awareness and educational
purposes only. It contains no authoritative positional
or other information. See the full disclaimer at
